Informacje dodatkowe

Tkanina welurowa może wyglądać nieco inaczej pod wpływem różnego oświetlenia - ma tendencję do większego połysku w świetle dziennym i bardziej stonowanego wyglądu w oświetleniu sztucznym. Ze względu na gładką strukturę o dużej gęstości, odcień tapicerki welurowej może się również zmieniać podczas przeciągania ręką w różnych kierunkach i pod różnymi kątami. Aby ujednolicić kolor, materiał należy przetrzeć otwartą dłonią lub wilgotną ściereczką w jednym kierunku, lub użyć żelazka z parą wodną/parownicy.

- **Plamy należy usuwać za pomocą środka do czyszczenia tapicerki i wilgotnej gąbki lub łagodnego detergentu.**
- **Odkurzać wyłącznie przy pomocy odpowiedniej końcówki.**
